RAPID PRODUCT DEVELOPMENT ASSOCIATION OF SOUTH AFRICA

THE  OF  
**4.0**

**7 - 9 NOV 2018  
JOHANNESBURG**

**Additive  
Manufacturing  
as a key driver of the  
4<sup>th</sup> industrial revolution**

A UJ Initiative

**resolutioncircle**  
the ecosystem for technology solutions

RAPDASA (Rapid Product Development Association of South Africa) is a non-profit organisation that strives to be the official platform for rapid product development in South Africa. We connect leading innovators, entrepreneurs, industry partners and academics through various community engaging events.

Since its first conference in 2000, RAPDASA's annual conferences have grown in both size and importance. They are now recognized as a showcase for the AM sector in South Africa, where international keynote speakers are regularly invited to introduce the latest developments on the global front.

With Johannesburg being one of South Africa's major manufacturing hubs, RAPDASA 2018 provides an excellent opportunity for local industry to participate in the event and introduce the South African manufacturing sector to the latest developments in 3D printing.

**RAPDASA 2018 will encompass a number of happenings, namely:**

- A pre-conference workshop
- Conference
- An exhibition – which will be open to industry representatives and members of the public who are not conference delegates

We would like to invite you to be a part of this exciting event. We have structured our exhibitor and sponsorship packages, with certain privileges for sponsorships on a specific level.

**SPONSORSHIP OPPORTUNITIES** Should you be interested in sponsoring a special event - gala dinner and cocktail evening, please contact the conference organisers.
