

The 24th Annual International Conference joined by ROBMECH, PRASA and AMI

# RAPDASA

RAPID PRODUCT DEVELOPMENT ASSOCIATION OF SOUTH AFRICA

**30 October – 02 November 2023**

Co-hosted by the Council of Scientific & Industrial Research (CSIR)  
and the Central University of Technology, Free State (CUT)

## EXHIBITION PACKAGE

We invite you to join the list of exhibitors of this year's conference as a contributor and industry player in the acceleration of Africa's manufacturing industry. This year's conference will run from 30 October to 02 November at the CSIR International Convention Centre in Pretoria, South Africa.

**Ms Rynette Coetzer**

Digital Technology in Production Development, the topic for the 24<sup>th</sup> annual conference aims to accelerate Africa's manufacturing industry for inclusive economic growth, increase the competitiveness of its economies, and improve the livelihoods of its people. The conference aims to connect experts from industry, academics and students in additive manufacturing, materials engineering, rapid product development, electrical engineering, pattern recognition, robotics and mechatronics to present research, network and expand the fraternity that has been built by the three conferences. The conference will offer opportunities for participants from industry, R&D institutions, academia and government to connect and collaborate to grow the next generation of advanced manufacturing enterprises across the continent.

**Exhibitors may set up their stand and exhibition material on Monday 30 October at 09:00 and may break them down on Thursday 02 November at 15:00**
